

TUTORS & EXAMS

Opening Learning Doors!

Tutors & Exams

Date 05/10/20

Edition 2

www.tutorsandexams.uk

Hello! Welcome back to our second edition of our monthly newsletter! It's been another busy month for the team at Tutors & Exams and we're here to keep you up to date on all the latest news. This month we're focusing on the opening of our brand new exam centre in Doncaster!

The team at Tutors & Exams are proud to officially open their latest, but not last, exam centre in Doncaster, following an overwhelming demand for a new location in the Yorkshire/Humberside region. With centres already in Coventry, Wimbledon and Bolton, Tutors & Exams are taking the industry by storm, paving the way for private exam centres across the country.

Chris Spraggett, one of our CEO's of Tutors & Exams, said 'The opening of Exam Centre number four sees us fill a major gap in the country within Yorkshire. The Doncaster centre will service major cities such as Sheffield, Leeds and York and the surrounding areas. A fabulous venue on the major network routes between London and the North East. I am delighted that we have added to our network of centres and will continue to offer the widest choice of services to the Home Educated and Private Candidates of the UK. We will be able to bring our unique set up closer to a growing number of learners and give them greater choice and service than is currently available.'

Meet The Doncaster Team

Clare Galliers is our Exams Manager at Doncaster. Clare is a new recruit and learning all about life as an Exam Manager. She has two daughters – Hannah and Hermione and is a self-confessed Harry Potter nerd! She also has a miniature sausage dog called Betty!

Becca Jackson is our Centre Manager at Doncaster. Becca is one of our newest recruits and is currently learning everything about the company and the day-to-day running of the business. She has two teenage children and two pugs (that are easier to look after than the kids!). She loves to cook, listen to music and walk the dogs. A fun fact about Becca is that she once abseiled off the top of a church in Central London for Charity!

Partner In The Spotlight

Established in 2016 by a home educating family, Absolute Maths offers unique online courses in KS3 Maths, IGCSE/GCSE Maths and GCSE Statistics run by Dan and Emma. Dan, who has a love of Maths, has over 20 years' experience of teaching in a school and home environment, having gained a BSc (Hons) in Mathematics and PGCE in Secondary Education. Emma supports this learning by providing a constant point of contact for parents and students alike meaning any queries or questions are dealt with quickly and professionally. They aim to make Maths learning as inclusive as possible, offering courses that are available in both live and recorded formats. An online learning hub supports the weekly lessons, providing students with printable worksheets with matching online tests to support learning, along with full tutor support via online drop in sessions and email and there is also the option of self-studying.
